JERUSALEM INTERNATIONAL FELLOWS

Dear <<First Name>>,

The confluence of Ramadan, Easter and Passover is not a regular occurrence. Our 2022 Fellows had the experience of this overlap last year and the intensity of Jerusalem at that time was palpable. This convergence is here again, albeit in a much more fraught time.

As my family says "Next year in Jerusalem" at our seder, we are grateful for the unflagging energy of the protesters all over Israel, of all ages and affiliations. And we are praying for leaders with reason and moral integrity to bring Israel out of this "narrow

We wish you and all our colleagues in Jerusalem a JOYOUS and PEACEFUL holiday.

Visitors to Vibha Galhotra's *Mountain to the Sea* installation at Muslala

We were planning to bring many of you together in NYC on April 11 to meet our Fellow from India, Vibha Galhotra. Vibha has had to postpone her visit to the U.S. We will let you know when we **reschedule** our event.

Vibha's installation at Muslala, "Mountain to the Sea", is a perfect example of the importance of bringing international artists to Jerusalem. Vibha's vision of spirituality and nature rose far over the political fray and she found a thread that connects the people of Jerusalem. She brought together the voices of 16 different Abrahamic sects: from the Imam of Al Aqsa to the head of an Orthodox women's yeshiva to a Coptic priest, singing from their own texts about the relationship between humans and nature. You can learn more about the project (which is still at Muslala) [here](#).

Another wonderful example of our Fellows breaking down barriers is Sofia Borges' salon at the Ibdaa School of the Arts in Sheik Jarrah. The headline was

The realization of JIF last spring was only possible because so many people believed in our mission: cultural organizations all over Jerusalem, artists, advisors, and the hundreds of participants who were part of our myriad activities over the 10 week residency. And, of course, thanks to the many generous [donors](#) who made this residency program possible.

We plan to go back to Jerusalem with international artists of different disciplines in Fall 2024. Host Organizations will be selected in the next few weeks and then we begin inviting nominations from around the world. The new cycle is beginning!

If you believe artists are able to bring sensitivity, depth and understanding across impossible divides, please support the future of this impactful and deeply meaningful cultural residency program.

JIF welcomes contributions at every level and we are grateful for all of them. Join our family of generous supporters and have an impact on the crazy, complicated, unique city of Jerusalem.

Your tax-deductible gift can be made below and will reach Jerusalem International Fellows through the FJC Donor Advised Funds.

Last year's Fellows spoke eloquently about their experiences in Jerusalem a few weeks ago on Zoom. It was a wonderful "reunion."

You can listen to them on the recording [here](#).

We will continue to upload photos, videos, and reflections from our Fellows. You can also enjoy photos and videos on our Instagram [@jerusaleminternationalfellows](#).

All of the press we have received can be found [here](#).

You can read the full evaluation of the program by On Track Consulting [here](#).

We welcome your questions and comments and look forward to telling and showing you more about our Fellows as their connections unfold.

Abundant thanks to all of you who have helped Jerusalem International Fellows succeed.

Best wishes to ALL for a happy and peaceful Ramadan, Easter, and Passover.
